## HOME TOURNAMENT CONCESSION STAND

During home tournaments the Sacandaga Volleyball Club will operate a concession stand serving breakfast, lunch and snacks. In order for the concession stand to operate, all parents are expected to participate throughout the year by helping to operate the concession stand.....this is a requirement of participation in the Club.

Prior to the tournament we will prepare an online signup sheet with blocks of time and the number of people necessary to work the stand for each block. We will attempt to assign more people to each block than is actually needed so that parents are able to slip out to watch their child play then come back during their block of time so others can do the same. Again, if everyone participates this keeps the workload from falling on the same parents during every tournament.

This year we are trying something new with the majority of food and supplies to be purchased by the club prior to each home tournament. We are doing this to help ensure consistency and appropriate quantities and coverage of primary food items. Parents are still encouraged to donate baked goods and other treats for sale at the concession stand.

Please do not hesitate to contact us if you have any questions.
